Dear Saowanee Namthachan,

Thank you for your best wishes.

The application of **Yunnan Intelligence Union Program** is reviewed usually **in June and December each year**, but the specific time is not fixed due to the impact of the epidemic.

Best regards,

Dear Tai Lu,

Good afternoon from Thailand! Thank you, we all here are doing well and hope you & your colleagues there are staying healthy too.

1. Well noted, the TYSP program is now postponed due to COVID-19.
2. Noted, the Yunnan Intelligence Union Program still opens the call all year around, and reviews twice a year. So, which month will you review the application, please? This information is useful before distributing this program to our researchers & academic staff. Thank you.

Looking forward to hearing from you again.

Best regards,
Saowanee

Dear Mr./Ms. Saowanee Namthachan,

Greetings from International Cooperation Division of YAAS!
Hope you and your colleagues of Khon Kaen University are all well.

I'm sorry for the late reply.

Due to the COVID-19, **the approval of TYSP is postponed now**. We recommend your researchers coming to YAAS to do collaborative research through Yunnan Intelligence Union Program. **Yunnan Intelligence Union Program** is open all year around. The application is reviewed twice a year. In addition, all the applicants are required to get vaccinated by Chinese Embassy in Thailand recognized vaccine.

We welcome your lecturers and researchers send their CV and interested cooperative areas to Dr. Xiuhua Chen (cxh150600@126.com), Deputy Director of International Cooperation Division of YAAS and me directly via E-mail. We will introduce researchers in relevant institutes of YAAS to contact you or applicants in your esteemed university.

Best regards,

Tai Lu

主题 : Yunnan Academy of Agricultural Sciences: YAAS Training Projects / Asking for Deadline Application

Dear Ms. Tai Lu,

Greetings from International Affairs Division, Khon Kaen University, Thailand!

We have just got your announcement from our Ministry regarding 2 training programs of (1) the Talented Young Scientist Program (TYSP) and (2) the Yunnan Intelligence Union Program as letter attached.

1. TYSP Program is quite clear and noted, it is a year-round application and will be reviewed every Jan./Apr./Jul. and Oct. All procedures can be found on the website:<http://tysp.cstec.org.cn/>
2. But I can not find any deadline for the Yunnan Intelligence Union Program. Kindly advise us, please.

Also, if our lecturers and researchers are interested in the above programs, should we send their applications along with relevant documents to you directly via E-mail? Please confirm.

Looking forward to hearing from you soon!

Thank you and best regards,
Saowanee Namthachan
